

YOUR PERSONAL LINK TO GLOBAL TRANSPORTATION AND LOGISTICS

LOGISTICS CENTER USA

Contract logistics with industry leading technology.

Every day, LEMAN helps companies all over the world providing high-quality contract logistics. Whether you need storage space for a few hundred cases or thousands of pallets, pick and pack services or complete pallet management, our aim is always the same: to deliver a customized solution that best serves your interests in terms of technology, value, special handling, and quality.

Our state of the art logistics technology includes retail compliance, e-commerce solutions, transportation management, full integration, 3rd party shipping, and even a user-friendly mobile app for you.

Utilize our logistics and warehousing services to optimize your position in the US.
